## **Paid Summer Internships Available**

Gunthorp Farms is a small farm in LaGrange, Indiana that specializes in pasture-raised pigs, chickens, ducks, and turkeys. We have an on-farm USDA-inspected processing plant and we sell our products directly to upscale restaurants and retail locations in Chicago, Indianapolis, and Detroit. We are looking for two interns for the summer and we also have opportunities for full time employment. Both internships will be involved in establishing record keeping procedures that can be maintained at Gunthorp Farms after the summer is over. These are paid internships and we will assist in finding housing. Training will be provided.

### **Animal Production Internship**

Work with our pigs, chickens, ducks, and turkeys, which all live outside at our niche pasture-based operation.

*Skills suggested, but not required:*

Experience in the niche pasture-based livestock operation

Animal husbandry skills

Database and spreadsheet skills

Spanish

Reliable and self motivated

### **Processing Internship**

Work in our unique, diversified USDA inspected processing facility where we harvest pigs, chickens, ducks, and turkeys. We do a variety of smoked meats and ground sausages in addition to traditional cuts of meat.

*Skills suggested, but not required:*

Basic sanitation skills

Food safety

Butchering skills

Database and spreadsheet skills

Spanish

Reliable and self motivated
